Please try again. Please try again. In order to navigate out of this carousel please use your heading shortcut key to navigate to the next or previous heading. Register a free business account Please try your search again later. They should be replaced every 5 to 7 years. Each room needs 2 escape routes; in most bedrooms it's the window, so have a ladder nearby. They meet building codes where battery powered smoke and carbon monoxide alarms are required either separately or in combination. The BRK SCO2B features a dual ionization smoke sensing chamber and an electrochemical carbon monoxide sensor, 9V battery powered, an 85dB horn, an End of Life and a silence feature. The SCO2B features a 9V alkaline battery and the SCO2LB a 9V long life lithium battery. "Intelligent Sensing Technology" is designed to reduce nuisance alarms. "Latching Alarm Indicator" remembers which unit initiated an alarm. The unit that triggered the alarm will store in memory or "latch" the information and begin to flash the LED indicator 2 seconds on, 2 seconds off. The "Perfect Mount" system features a gasket less base and a mounting bracket that keeps the alarm secure over a wide rotation range to allow for true alignment. Battery installation and removal can occur while the unit is mounted to the ceiling or wall via the side load battery compartment. Other Contractor Preferred features include a dust cover to keep alarm clean during construction. Designed for wall or ceiling mounting. Includes mounting anchors and screws. They meet building codes where battery powered smoke and carbon monoxide alarms are required either separately or in combination. Includes mounting anchors and screws. Amazon calculates a product's star ratings based on a machine learned model instead of a raw data average. The model takes into account factors including the age of a rating, whether the ratings are from verified purchasers, and factors that establish reviewer trustworthiness. 0 out of 5 stars Lucky if it goes 45 months without starting to chirp, wanting a new battery. Looking elsewhere for a replacement that eats less battery power. I haven't had any problems with any of them. Mine were made in China. I live in CA. At the BRK website, it says they are California compliant. Out of the box they green light never came on. It was always red. I replaced batteries with brand new, and still they don't work. Yes, they. I purchased a pack of 2. Neither of them worked. My stove actually caught fire and the detector was about 8 feet from the stove, but not a peep. My old one in the room across the house did. So thankfully we were able to put it out without much damage. I bought them because we were all getting headaches and thought it might be from carbon monoxide. These were supposed to detect both. They were supposed to be an upgrade. Ha!! They are trash!!!! Being satisfied with the first one, I decided to simply buy another. Installation involves drilling two holes and screwing the base to the wall. Once the base is installed which a monkey can do blindfolded the unit locks in place with a half turn. The unit beeps when the battery is weak and needs to be replaced and will also beep differently when the service life of the unit expires. I

replaced. I replaced the batteries and read instructions thoroughly. The light that is supposed to stay on to let you know it is working will not come on and stay on. I bought 3 and none of them work. BRK detectors are reliable, but this unit is a single station smoke alarm and has to run solo. Also is not eligible for return. We put new batteries in them, but they still do it. Not nightly, not monthly. Seemingly no reason. We couldn't return them because it was past the return date, so we threw them out! If you want NextDay, we can save the other items for later. Order by, and we can deliver your NextDay items by <http://ntg-holdings.com/pic/cube-nespresso-manual.xml>

You won't get NextDay delivery on this order because your cart contains items that aren't "NextDay eligible". In your cart, save the other items for later in order to get NextDay delivery. Oops! There was a problem with saving your items for later. You can go to cart and save for later there. One button silences any nuisance alarms, and also tests detector functions, while lights indicate if the alarm detects smoke or carbon monoxide. The latching alarm indicator automatically identifies which unit initiated the alarm, even after the conditions that set off the alarm have subsided. And an end-of-life signal enhances your safety by letting you know when its time to replace the unit. Easily connect it to compatible BRK or First Alert alarms within a single-family residence; connecting will sound all the alarms together. About This Item We aim to show you accurate product information. Manufacturers, See our disclaimer This First Alert SC9120B Hardwired Smoke and Carbon Monoxide Detector includes a 9-volt battery backup that continues to protect you in the event of a power failure. The alarm features electrochemical CO sensing technology, an ionization sensor for smoke detection, and an 85-decibel alarm. One button silences any nuisance alarms, and also tests detector functions, while lights indicate if the alarm detects smoke or carbon monoxide. The date code on the new detector shows June 2020; so I think that is for the date of manufacture. The new detector fits the original mounting ring and has the same exact electrical connector; so installation was fast. Because I do not have any natural gas appliances, I was willing to wait for delivery; and the room already has an additional smoke detector that is interconnected with the other detectors. See more VS Most helpful negative review Average Rating 1.0 out of 5 stars Used product My package was open. I am going to assume someone else used it and return it.

Not satisfied See more VS Most helpful positive review Average Rating 5.0 out of 5 stars Staying safe with First Alert The detector is the same exact model that I replaced; and it came with a new Duracell alkaline 9-volt battery. Most helpful negative review Average Rating 1.0 out of 5 stars Used product My package was open. Result Installation took about 3 minutes. See more Douglas, May 6, 2020 Verified purchaser 0 0 Average Rating 5.0 out of 5 stars Wired smoke alarms My son was able to replace the wired smoke alarms in my home. Did you know they need to be replaced every ten years. Thankfully we have not had a fire, so remain untested. See more RTCowgirl, July 1, 2020 Verified purchaser 0 0 Average Rating 5.0 out of 5 stars Very new CO and Smoke Alarm. I received the exact product I wanted; a replacement for what I had when my home was built 12 years ago. These alarms have a shelf life, so it is important that it is recently manufactured; and it was. November 2016. Very happy with the price, the quick shipment, product, and how current the device is. See more jmacpowellohio, February 1, 2017 Verified purchaser 5 1 Average Rating 5.0 out of 5 stars great replacement alarm we had to replace the alarms that were the original alarms when we built the house 10 years ago. these were the same brand, but not the exact same model number. See more hairtwigger, February 5, 2014 Verified purchaser 7 4 Average Rating 5.0 out of 5 stars Works great!!!

<http://www.raumboerse-luzern.ch/mieten/bosch-ppw-2200-manual>

My purchase arrived on time. It was exactly like the one that I had originally so the installation was a snap. Loved the savings!!!! See more Cosmogirl1958, March 5, 2017 Verified purchaser 3 0 Average Rating 5.0 out of 5 stars Replace and upgrade Detector Basement unit for the dual function of fire and monoxide. This is a replacement unit. Simple and easy to replace for the hardwired unit because there is a wiring harness so you dont even need to stop the power. Loved the fact that we already had the old alarm up so all i had to do was take the old alarm down and plug this one in and its ready you dont have to do any installing because its the same model no. See more Linda, August 12, 2020 Verified purchaser 0 0 Average Rating 1.0 out of 5 stars Used product My package was open. Ask a question Ask a question If you would like to share feedback with us about pricing, delivery or other customer service issues, please contact customer service directly. These units have an expiration period. My old one 4 years old just have 1 battery. I thought it just needed a battery which was included. The addition of a Walmart Protection Plan adds extra protection from the date of purchase. 1042734 is a wirein, 120V AC 60Hz Model SC7010LBLV complies with. UL217 and UL2034, CSFM, NFPA 72 and NFPA 720, HUD, FHA and other agencies It meets building codes where The BRK

SC7010LBLV is a state-of-the-art hardwired with 10 year sealed Lithium Warning with Location. This exclusive feature incorporates a voice that will speak. This alarm features Alarm Latch Easily identifies initiating alarm even after Battery End of Life Latch Identifies which unit is Alarm also includes a Other features include an 85dB horn and single. Connection to AC power is made with a QuickConnect SPECS You can download the spec sheet by clicking here. Great features for a great price. Fast delivery!! Was this review helpful to you Reason my Kidde kept going off at 200AM once a week. Since I have had my BRK installed I have had no problems. They look great and the features are marvelous. I love the 10 year battery life and when the alarm goes off it tells you which room its in. Great detector. Was this review helpful to you. It includes a 9volt battery for backup and continued function in the event of a power outage. The alarm can be connected to other compatible BRK and First Alert hardwired smoke and carbon monoxide detectors and comes equipped with easy adapter plugs so there is no need to rewire. Detects Smoke and Carbon Monoxide Connect to Other Alarms for Greater Coverage Easy to Install and Maintain The First Alert SC9120B Hardwired Combination Smoke and Carbon Monoxide Alarm is a hardwire alarm with battery backup. Detects Smoke and Carbon Monoxide The First Alert Combination Smoke and Carbon Monoxide Alarm detects two threats, smoke and carbon monoxide. This 2in1 alarm has lights on the face of the alarm to let you know the threat. Connect to Other Alarms for Greater Coverage This hardwired combination smoke and carbon monoxide detector can be connected to other compatible BRK or First Alert combination CO and smoke detectors within a single family residence.

Once one alarm is triggered, all connected CO and smoke alarms will sound. Easy to Install and Maintain The First Alert Combination Smoke and Carbon Monoxide Alarm integrates with existing wiring and features the easy adapter plug, which makes installing the detector quick and easy. The side load backup battery compartment makes changing the 9volt battery simple. Tamper resistant locking pins prevent unauthorized disabling of the CO and smoke alarm. In the six decades since, we have continued to create innovative products, from the first residential smoke alarm to the first battery operated carbon monoxide alarm. By leading the fire safety category through reliability, quality and innovation, we follow in the footsteps of our founders and make the world a safer place one home, one family, one life at a time. Although we may elect to send a mail or email communication notifying you of the modifications, we are not obligated to do so and you hereby waive any right you may have to receive such notice. You should check this page periodically to see if any recent changes to the Beta Test Program Terms have occurred. By participating in the Beta Test Program after we post any such changes, you agree to the Beta Test Program Terms as modified. Eligibility To be eligible to purchase a Beta Program membership and participate in the Beta Program you must i Be a member in good standing of the Ace Rewards Program for information on the Ace Rewards Program, including how to become a

member, please click here ; ii Have an acehardware.com online account linked to your Ace Rewards membership for information on opening an acehardware.com online account, please click here; and iii Be an individual who resides in the delivery area of an Ace retailer participating in the Beta Test Program “Participating Beta Test Program Retailer”. Corporations and other business entities are not eligible to participate in the Beta Test Program. To determine if you live in the delivery service area of a Participating Beta Test Program Retailer, please contact Ace Customer Care at 8888274223. By purchasing a Beta Test Program membership, you are certifying that you meet all eligibility criteria. Membership Purchase and Expiration Beta Test Program memberships are available for purchase only on [www.acehardware.com](http://www.acehardware.com). The membership fee is published on the Site and is subject to change from time to time in Ace’s sole discretion. Taxes may apply. Your membership is returnable for a full refund of the purchase price within forty eight 48 hours of purchase. To obtain a refund, you will need to visit your Participating Beta Test Program Retailer.

Thereafter, except as required by applicable law or expressly provided in these Beta Test Program Terms, Beta Test Program memberships may not be returned and the membership fee is nonrefundable. Beta Test Program memberships expire one year from the date of purchase unless sooner terminated as provided in these Beta Test Program Terms. Beta Test Program memberships do not automatically renew. If you are ineligible for membership in the Beta Test Program and elect to terminate your membership for a refund of your membership fee, as described below, you will not receive bonus Ace Rewards. Items must be instock at the member’s local Participating Beta Test Program Retailer to be eligible for next business day delivery. However, if an item is not in stock, it will be delivered by the date indicated during checkout at the time of purchase on the Site. Not all merchandise is eligible for delivery from all Participating Beta Test Program Retailers. The order must be placed before 6pm local time on a day when the Participating Beta Test Program Retailer is open to be eligible for next business day delivery. Delivery is limited to the member’s residence, which must be within the local Participating Beta Test Program Retailer’s delivery service area. Items must be for the member’s personal use and not for commercial or business purposes. “White glove” delivery, including delivery within the home, up or down flights of stairs, to the backyard, etc., may be offered by some Participating Beta Test Program Retailers for an additional charge. Orders requiring assembly are excluded from next business day delivery. Free delivery excludes assembly and same day delivery.

Ace Neighborhood Toolbox Program Beta Test Program members may rent select tools from Participating Beta Test Program Retailers, subject to the following requirements and limitations Tool rental requires a signed Ace Neighborhood Toolbox Agreement “Toolbox Agreement” between you and your Participating Beta Test Program Retailer. Tool rental requires a credit card or debit card accepted by your Participating Beta Test Program Retailer and will be processed as a purchase. Your Participating Beta Test Program Retailer will charge your credit card or debit card for the purchase price of the borrowed tools, plus applicable taxes. If a tool is returned as required by the terms of the Toolbox Agreement, the Participating Beta Test Program Retailer will credit the same credit card or debit card for the full purchase price. If a tool is not returned per the terms of the Toolbox Agreement, the transaction will be considered an “AS IS” purchase of a used item without warranties of any kind, and is subject to return and refund at the sole discretion of the Participating Beta Test Program Retailer. Tool selection may vary by location Tool rental is subject to availability. From time to time, Ace may, in its sole discretion, add, eliminate, or modify Beta Test Program benefits. If we materially reduce Beta Test Program benefits, we will offer you the option of terminating your Beta Test Program membership and receiving a refund of your membership fee. Additional Restrictions Beta Test Program memberships and benefits i are for the personal, household use of the eligible member only; and ii cannot be sold, shared, leased, assigned, gifted, or otherwise transferred.

Sharing Your Information In order to facilitate your participation in the Beta Test Program, you acknowledge and agree that Ace may share information about you, including personal information, with Participating Beta Test Program Retailers and that Participating Beta Test Program Retailers may share such information with Ace. Termination of Membership; Modification or Cancellation of Beta Test Program You may terminate your membership at any time by contacting Customer Service. If you do so, no portion of your membership fee will be refunded except as expressly provided in these Beta Test Program Terms. Ace may modify or cancel the Beta Test Program at any time in its sole discretion, with or without notice to you. In the event we cancel the Beta Test Program, your Beta Test Program membership will automatically terminate upon the effective date of Program cancellation. In addition, Ace may terminate your membership at any time, with or without notice to you. If we terminate your membership or cancel the Beta Test Program during the term of your membership, you will receive a refund of your membership fee, unless the termination is due to your violation of these Beta Test Program Terms or the Additional Agreements, or because you have engaged in illegal, fraudulent, or objectionable conduct. If you purchase a Beta Test Program membership but are ineligible for the Beta Test Program at the time of purchase because you do not reside in the delivery service area of a Participating Beta Test Program Retailer, you may elect to terminate your membership for a refund of your membership fee. If you purchase a Beta Test Program membership but become ineligible for the Beta Test Program because you move outside the delivery service area of a Participating Beta Test Program Retailer during the term of your membership, you may elect to terminate your membership, but you will not receive a refund of your membership fee.

In no event will Free Delivery benefits be available to you if reside outside the delivery service area of a Participating Beta Test Program Retailer. Ace may use such Feedback, without restriction, to improve or modify the Beta Test Program and Ace's other products and services. Accordingly, without payment or further consideration to you, you hereby assign to Ace all rights, including copyright and other intellectual property rights, in and to the Feedback. You represent and warrant that your Feedback is not subject to any restrictions by third parties and that you have the right and authority to grant the rights granted herein without violating the rights of any third party. You agree that Ace is under no duty to use your Feedback or keep your Feedback confidential. Attendance at an inperson hearing may be made by telephone, unless the arbitrator requires otherwise. The arbitrator will decide the substance of all claims in accordance with the laws of the State of Illinois, including recognized principles of equity, and will honor all claims of privilege recognized by law. The arbitrators award shall be confidential, final, and binding, and judgment on the award rendered by the arbitrator may be entered in any court having jurisdiction thereof. Payment of all filing, administration, and arbitrator fees will be governed by the AAAs rules. Prohibition of Class and Representative Actions and NonIndividualized Relief You and Ace agree that each of us may bring claims against the other only on an individual basis and not as a plaintiff or class member in any purported class or representative action or proceeding. Unless both you and Ace agree otherwise, the arbitrator may not consolidate or join more than one persons or partys claims and may not otherwise preside over any form of a consolidated, representative, or class proceeding.

Also, the arbitrator may award relief including monetary, injunctive, and declaratory relief only in favor of the individual party seeking relief and only to the extent necessary to provide relief necessitated by that partys individual claims. Any relief awarded cannot affect other Beta Test Program members. Waiver No delay or failure by Ace to enforce any of these Beta Test Program Terms shall be a waiver of any of our rights under these Program Terms. Severability The invalidity or unenforceability of any provisions of these Beta Test Program Terms shall not affect the validity or enforceability of any other provision. In the event that any provision of these Program Terms is found to be invalid or unenforceable, these Beta Test Program Terms shall be construed in accordance with their terms as if the invalid or unenforceable provision was not contained herein.

Survival The provisions regarding Feedback, disclaimer of warranties, limitation of liability, arbitration agreement, prohibition of class and representative actions and nonindividualized relief, and these miscellaneous provisions shall survive termination of your Beta Test Program membership or cancellation of the Beta Test Program. Customer Service If you have any questions regarding the Beta Test Program or your Beta Test Program membership, please contact Ace Customer Care at 8888274223. Free delivery offer excludes same day delivery. Participation and delivery area vary by store. Carbon monoxide CO is a colorless, odorless, deadly gas. It can be emitted by sources including gas or oil furnaces, gas clothes dryers, water heaters, fireplaces, wood stoves, charcoal grills, gas ranges, and space heaters. A clogged chimney, improper venting, and attached garages can also cause carbon monoxide accumulation. If one unit triggers an alarm, all smoke alarms in the series will sound. Automatically performs internal test of functionality.

Latching alarm indicator which automatically identifies which unit initiated the alarm. Battery drawer lock and mounting bracket lock for tamper resistance. AC power indicator and alarm indicator light. Low battery warning chirp and missing battery tab. 9 Volt battery backup for peace of mind during power outages. All BRK Electronics carbon monoxide alarms are listed to UL safety standard 2034 for residential carbon monoxide alarms. Includes 9 Volt backup battery. 10year limited warranty. Includes one combination smoke and CO alarm, one 9 Volt battery, and users manual. Nine volt battery backup. 9V battery backup. Latching alarm indicator remembers which unit initiated an alarm. Product Ratings and Reviews Easy Returns You may return most items within 30 days from original purchase date as long as the item is unused, in likenew condition, and in the original packaging.
