I get my most wanted eBook Many thanks If there is a survey it only takes 5 minutes, try any survey which works for you. By using our services, you agree to our use of cookies. OK It retained for historical or archival purposes only. February 2019 It was probably manufactured in the late 70s. The quality is better than the new machines you can buy today. It is identical to the manual for the KH860 73MB.It reads patterns drawn on mylar sheets instead of using a punchcard reader. The machine has been very well looked after and includes the full manuals.This is a large attachment that adds a second bed of needles to the knitting machine and allows you to use more techniques.The user manual for the linker is inside the box.We think it can quickly transfer a piece of knitted fabric from one needle bed to another. It is probably intended for use with the ribber attachment. There is a user manual for the transfer carriage inside the box.
